ViDiLOOK

1.How to earn money by watching ads through ViDiLOOK?

ViDiLOOK has experience members and star–rated Viewers. Users can earn income by watching the video advertisements of advertisers on the ViDiLOOK platform.

1.1What is experience

Experienced members refer to those with accounts registered on the platform, and can do one check-in task for free every day.

1.2 Star-rated Viewer Earnings

Viewers are divided into four levels:

One–star Viewers receive 1.5USDT with a subscription amount of 50USDT every day, and exist with twice the subscription amount.

Two–star Viewers receive 4.5USDT with a subscription amount of 150USDT every day, and exist with triple the subscription amount.

Three–star Viewers receive 15 USDT with a subscription amount of 500USDT every day, and exist with quadruple the subscription amount.

Four–star Viewers receive 45 USDT with a subscription amount of 1,500 USDT every day, and exist with quintuple the subscription amount.

2. Compound interest gain (VDL appreciation)

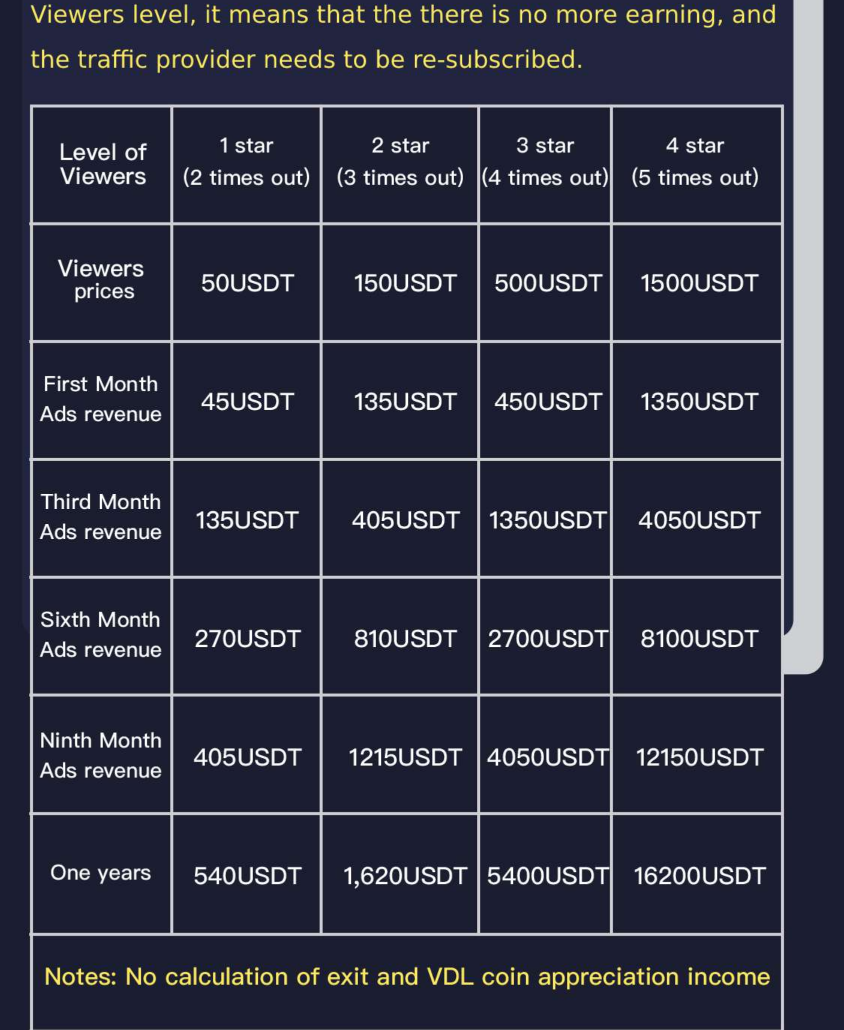
Personal income = advertising income + compound interest (VDL coin appreciation part)

1. Assuming member A buys 1,500 USDT from a four-star traffic provider and can watch advertisements every day to generate 3% of income (45USDT of VDL coins). If the price of VDL coins that day is 0.1USDT, member A can get 450 VDL coins, which is 45USDT. This generates the advertisement income on the first day.

2. Member A continues to watch the advertisement on the second day. If the price of VDL coins on the day is 0.105USDT, member A can obtain 428.5 VDL coins. If the VDL coins obtained on the first day continue to be held, member A will have a total of 878.5 VDL coins worth 92.24USDT. This is the total income of two days. This is the compound profit interest of the viewers income.

3. Assuming member A holds 10,000 VDL coins and the unit price is 0.1USDT. This means 10,000 VDL coins = 1,000 USDT. If VDL coins rise by 0.30USDT every day, the price of VDL coin is 0.103USDT and 10,000 VDL coins = 1,030USDT;

Notes: If the total revenue of the player exceeds the corresponding ending multiple of the current purchase of the



Viewers level, it means that the there is no more earning, and the traffic provider needs to be re-subscribed.
